

CHAPTER 10
RESIDENT, SPECIAL AND TEMPORARY PHYSICIAN LICENSURE

[Prior to 5/30/01, see 653—Chapter 11]

653—10.1(147,148,150,150A) Definitions.

“*AMA*” means the American Medical Association, a professional organization of physicians and surgeons.

“*Any jurisdiction*” means any state, the District of Columbia or territory of the United States of America or any other nation.

“*Any United States jurisdiction*” means any state, the District of Columbia or territory of the United States of America.

“*AOA*” means the American Osteopathic Association. The board approves osteopathic medical education programs with AOA accreditation; the board approves AOA-accredited postgraduate training programs in osteopathic medicine and surgery at hospitals for graduates of accredited osteopathic medical schools. The board recognizes specialty certification by AOA.

“*Applicant*” means a person who seeks authorization to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy in this state by making application to the board.

“*Board*” means Iowa board of medical examiners.

“*Category 1 activity*” means any formal education program which is sponsored or jointly sponsored by an organization accredited for continuing medical education by the Accreditation Council for Continuing Medical Education, the Iowa Medical Society, or the Council on Continuing Medical Education of AOA that is of sufficient scope and depth of coverage of a subject area or theme to form an educational unit and is planned, administered and evaluated in terms of educational objectives that define a level of knowledge or a specific performance skill to be attained by the physician completing the program. Activities designated as formal cognates by the American College of Obstetricians and Gynecologists or as prescribed credit by the American Academy of Family Physicians are accepted as equivalent to category 1 activities.

“*Committee*” means the licensure and examination committee of the board.

“*ECFMG*” means the Educational Commission for Foreign Medical Graduates, an organization that assesses the readiness of foreign medical school graduates to enter ACGME-approved residency programs in the United States of America.

“*FCVS*” means the Federation Credentials Verification Service, a service under the Federation of State Medical Boards that verifies and stores core credentials for retrieval whenever needed.

“*FSMB*” means the Federation of State Medical Boards, the organization of medical boards of the United States of America.

“*Incidentally called into this state in consultation with a physician and surgeon licensed in this state*” as set forth in Iowa Code section 148.2(5) means a physician licensed in another United States jurisdiction who acts in an advisory or instructional capacity to a physician with a permanent or special medical license in Iowa, for a period of not more than 10 consecutive days and not more than 20 total days in any calendar year. The consulting physician shall be involved in the care of patients in Iowa only at the request of the Iowa physician requesting the consultation. The physician requesting the consultation shall retain the primary responsibility for the management of patients’ care.

“*LCME*” means Liaison Committee on Medical Education, an organization that accredits educational institutions granting degrees in medicine and surgery. The board approves programs that are accredited by LCME.

“*Medical degree*” means a degree of doctor of medicine and surgery, osteopathic medicine and surgery, or osteopathy, or comparable education from a foreign medical school.

“Permanent licensure” means licensure granted after review of the application and credentials to determine that the individual is qualified to enter into practice. The individual may only practice when the license is in current, active status.

“Postgraduate training” means graduate medical education, e.g., an internship, residency or fellowship, in a hospital-affiliated training program approved by the board at the time the applicant was enrolled in the program.

“Practice” means the practice of medicine and surgery, osteopathic medicine and surgery, or osteopathy.

653—10.2(148,150,150A) Licensure required. Licensure is required for practice in Iowa as identified in Iowa Code sections 148.1, 150.2, and 150A.1; the exceptions are identified in 653—subrule 9.2(2). Provisions for permanent physician licensure are found in 653—Chapter 9; provisions for resident, special and temporary physician licensure are found in this chapter.

653—10.3(147,148,150,150A) Resident physician licensure.

10.3(1) General provisions.

a. The resident physician license shall authorize the licensee to practice as a resident physician while under the supervision of a licensed practitioner of medicine and surgery or osteopathic medicine and surgery in an institution or program approved for this purpose by the board.

b. An Iowa resident physician license or an Iowa permanent physician license is required of any resident physician practicing in Iowa.

c. A resident physician license shall expire two years following the date of issuance and may be renewed annually thereafter at the discretion of the board.

d. A resident physician license is valid only for practice in the program designated in the application. When the physician leaves that program, the license shall immediately become inactive.

e. A resident physician who changes residency programs shall apply for a new resident license as described in subrule 10.3(3). Relicensure is not required if the individual holds a permanent physician license in Iowa.

f. A resident physician licensee shall notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

g. A resident physician licensee’s file shall be closed and labeled “deceased” when the board receives a copy of the physician’s death certificate.

10.3(2) Resident licensure eligibility. To be eligible for a resident license, an applicant shall meet all of the following requirements:

a. Fulfill the application requirements specified in subrule 10.3(3).

b. Be at least 20 years of age.

c. Hold a medical degree from an educational institution approved by the board at the time the applicant graduated and was awarded the degree.

(1) Educational institutions approved by the board shall be fully accredited by an accrediting agency recognized by the board as schools of instruction in medicine and surgery or osteopathic medicine and surgery and empowered to grant academic degrees in medicine.

(2) The accrediting bodies currently recognized by the board are:

1. LCME for the educational institutions granting degrees in medicine and surgery; and

2. AOA for educational institutions granting degrees in osteopathic medicine and surgery.

(3) If the applicant holds a medical degree from an educational institution not approved by the board at the time the applicant graduated and was awarded the degree, the applicant shall:

1. Hold a valid certificate issued by ECFMG, or
2. Have successfully completed a fifth pathway program established in accordance with AMA criteria.

10.3(3) Resident physician licensure application.

a. Requirements. To apply for resident physician licensure, an applicant shall:

- (1) Pay a nonrefundable application fee of \$75; and
- (2) Complete and submit forms provided by the board, including required credentials, documents and a sworn statement by the applicant attesting to the truth of all information provided by the applicant.

b. Application. The application shall require the following information:

- (1) Name, date and place of birth, home address, and mailing address;
- (2) A photograph of the applicant suitable for positive identification;
- (3) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance;
- (4) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;
- (5) A photocopy of the applicant's medical degree issued by an educational institution.

1. A complete translation shall be submitted for any diploma not written in English. An official transcript, written in English and received directly from the school, verifying graduation from medical school is a suitable alternative. An official FCVS Physician Information Profile is a suitable alternative.

2. If a copy of the medical degree cannot be provided because of extraordinary circumstances, the board may accept other reliable evidence that the applicant obtained a medical degree from a specific educational institution;

(6) If the educational institution awarding the applicant the degree has not been approved by the board, the applicant shall provide a valid ECFMG certificate or evidence of successful completion of a fifth pathway program in accordance with criteria established by the AMA. An official FCVS Physician Information Profile is a suitable alternative;

(7) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical regulatory authority, an educational institution, training or research program, or health care facility in any jurisdiction;

(8) A statement of the applicant's physical and mental health, including full disclosure and a written explanation of any dysfunction or impairment which may affect the ability of the applicant to engage in practice and provide patients with safe and healthful care;

(9) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. A copy of the allegations is required. If the case is resolved, a copy of the final disposition, including any settlement agreement, is required; and

(10) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside.

10.3(4) Resident license application review process. The process below shall be utilized to review each application for a resident license.

a. An application shall be considered open from the date the application form is received in the board office with the nonrefundable resident licensure fee.

b. After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

c. If the final review indicates no questions or concerns regarding the applicant's qualifications for licensure, staff may grant administratively a resident license.

d. If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, director of licensure and administration, and director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for licensure.

(1) If there is no current concern, staff shall grant administratively a resident license.

(2) If any concern exists, the application shall be referred to the committee.

e. Staff shall refer to the committee for review matters which include, but are not limited to, falsification of information on the application, criminal record, substance abuse, competency, physical or mental illness, or educational disciplinary history.

f. If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a resident license.

g. If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) Grant a resident physician license for a particular residency program;

(4) Grant a license under certain terms and conditions or with certain restrictions;

(5) Request that the applicant withdraw the licensure application; or

(6) Deny a license.

h. The board shall consider applications and recommendations from the committee and shall:

(1) Request an investigation;

(2) Request that the applicant appear for an interview;

(3) Grant a resident physician license for a particular residency program;

(4) Grant a license under certain terms and conditions or with certain restrictions;

(5) Request that the applicant withdraw the licensure application; or

(6) Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in 653—9.15(147,148,150,150A).

10.3(5) Resident license application cycle. If the applicant does not submit all materials within 90 days of the board office's last documented request for further information, the application shall be considered inactive. The board office shall notify the applicant of this change in status. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

10.3(6) Renewal of a resident physician license.

a. If the resident physician licensee has not qualified for and received a permanent license, the board shall send a renewal notice by regular mail to the residency program at least 60 days prior to the expiration date of the resident physician license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of responsibility for renewing that license.

b. The resident physician shall apply for renewal for one year by submitting the following:

(1) A completed renewal application that documents why the individual has not obtained a permanent license;

(2) The renewal fee of \$25; and

(3) A statement from the director of the residency program about the individual's progress in the program and whether any warnings have been issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action.

No documentation of continuing medical education or mandatory training on identifying and reporting abuse is required since a resident is in training.

c. Failure of the licensee to renew a license within one month following the expiration date shall cause the license to become inactive and invalid. A licensee whose license is inactive is prohibited from practice until the license is renewed or replaced by a permanent medical license.

d. To renew an inactive resident license, an applicant shall submit the following:

(1) The renewal application that documents why the individual has not obtained a permanent license;

(2) The renewal fee of \$25;

(3) A \$25 late fee; and

(4) A statement from the director of the residency program about the individual's progress in the program and whether any warnings have been issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action.

No documentation of continuing medical education or mandatory training on identifying and reporting abuse is required since a resident is in training.

e. If more than one year has passed since the resident license became inactive, the applicant shall apply for a new resident license as described in subrule 10.3(3).

10.3(7) *An Iowa resident physician who changes residency programs in Iowa.* A resident physician who changes residency programs shall acquire new resident physician licensure or permanent licensure prior to entering the new residency program. A resident physician applying for a new resident license shall submit the following:

a. A nonrefundable resident licensure application fee of \$75;

b. Materials required in subparagraphs 10.3(3) "b" (1) to (4) and (7) to (10);

c. A statement from the director of the applicant's most recent residency program documenting the applicant's progress in the program and whether any warnings had been issued, investigations conducted or disciplinary actions taken, whether by voluntary agreement or formal action; and

d. The original resident license as soon as the applicant for relicensure leaves the residency program.

10.3(8) *Discipline of a resident license.* The board may discipline a license for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code section 147.55 or 148.6, Iowa Code chapter 272C, and 653—12.4(272C).

10.3(9) *Transition from a resident license to a permanent license.* When a resident physician receives a permanent Iowa license, the resident physician license shall immediately become inactive.

653—10.4(147,148,150,150A) Special licensure.

10.4(1) *General provisions.*

a. The board may grant a special license to a physician who is an academic staff member of a college of medicine or osteopathic medicine if that physician does not meet the qualifications for permanent licensure, but is held in high esteem for unique contributions the individual has made to medicine and will make by practicing in Iowa. The license is not designed for physicians in regular faculty positions that could be filled by a physician qualified for permanent licensure in Iowa or for the purpose of training the physician who receives the license, i.e., participating in a fellowship of any kind. The board will consider granting and renewing a special license on a case-by-case basis.

b. A special license may be issued for a period of not more than one year and may be renewed annually prior to expiration. The number of renewals granted by the board is not limited. The renewal of any special license granted for the first time after July 1, 2001, shall be limited to those physicians who continue to meet the requirements of paragraph "a" of this subrule and subrule 10.4(5). Academic institutions are encouraged to assist special licensees in qualifying for permanent licensure if the physician is to remain in Iowa long term.

c. A special license shall specifically limit the licensee to practice at the medical college and at any health care facility affiliated with the medical college.

d. A special license shall automatically expire when the licensee discontinues service on the academic medical staff for which the special license was granted.

e. The board may cancel a special license if the licensee has practiced outside the scope of this license or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 653—12.4(272C). When cancellation of such a license is proposed, the board shall promptly notify the licensee by sending a statement of charges and notice of hearing by certified mail to the last-known address of the licensee. This contested case proceeding shall be governed by the provisions of 653—Chapter 12.

f. A special physician licensee shall notify the board of any change in home address or the address of the place of practice within one month of making an address change.

g. A special physician licensee shall notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

h. A special physician licensee file shall be closed and labeled “deceased” when the board receives a copy of the physician’s death certificate.

i. The board shall accept each 12 months of practice as a special licensee as equivalent to one year of postgraduate training in a hospital-affiliated program approved by the board for the purposes of permanent licensure.

10.4(2) *Special license eligibility.* To be eligible for a special license, an applicant shall meet all of the following requirements:

- a. Fulfill the application requirements specified in subrule 10.4(3);
- b. Be at least 21 years of age;
- c. Be a physician in a medical specialty;
- d. Present evidence of holding a medical degree from an educational institution that is located in a jurisdiction outside the United States or Canada and that is listed in the Directory of Medical Schools published by the World Health Organization;
- e. Have completed at least two years of postgraduate education in any jurisdiction;
- f. Have practiced for five years after postgraduate education;
- g. Demonstrate English proficiency as set forth in subparagraph 10.4(3) “a”(4); and
- h. Be licensed in a jurisdiction outside the United States or Canada and present evidence that any licenses held in any jurisdiction are unrestricted.

10.4(3) *Special license application.*

- a. *Requirements.* To apply for a special license an applicant shall:
 - (1) Pay a nonrefundable special license fee of \$200;
 - (2) Complete and submit forms provided by the board;
 - (3) Provide verification of successful completion of a medical degree;
 - (4) Demonstrate proficiency in English by providing a valid ECFMG certificate or verification of a minimum score of 50 on the TSE, the Test of Spoken English administered by the Educational Testing Service;
 - (5) Present a letter from the dean of the medical college in which the applicant will be practicing that indicates all of the following:
 1. The applicant has been invited to serve on the academic staff of the medical school and in what capacity;
 2. The applicant’s qualifications and the unique contributions the applicant has made to the practice of medicine;
 3. The unique contributions the applicant is expected to make by practicing in Iowa and how these contributions will serve the public interest of Iowans; and
 - (6) Present at least two letters of recommendation from universities, other educational institutions, or research facilities that indicate the applicant’s noteworthy professional attainment.

- b. Application.* The application shall request the following information:
- (1) Name, date and place of birth, home address, and mailing address;
 - (2) A photograph of the applicant suitable for positive identification;
 - (3) A statement listing every jurisdiction in which the applicant is or has been authorized to practice, including license numbers and dates of issuance;
 - (4) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;
 - (5) A photocopy of the applicant's medical degree issued by an educational institution and a sworn statement from an official of the educational institution certifying the date the applicant received the medical degree, verifying that the applicant's photograph is that of the graduate named on the application, and acknowledging what, if any, derogatory comments exist in the institution's record about the applicant. A complete translation of any diploma not written in English shall be submitted;
 - (6) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;
 - (7) A statement of the applicant's physical and mental health, including full disclosure and a written explanation of any dysfunction or impairment which may affect the ability of the applicant to engage in practice and provide patients with safe and healthful care;
 - (8) A statement disclosing and explaining the applicant's involvement in civil litigation related to practice in any jurisdiction. A copy of the allegations is required. If the case is resolved, a copy of the final disposition, including any settlement agreement, is required; and
 - (9) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside.

10.4(4) *Special license application review process.* The process below shall be utilized to review each application for a special license.

- a.* An application shall be considered open from the date the application form is received in the board office with the nonrefundable special licensure fee.
- b.* After reviewing each application, staff shall notify the applicant or the applicant's academic institution about how to resolve any problems identified by the reviewer.
- c.* After final review, staff shall submit the application to the committee for review.
- d.* If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a special license.
- e.* If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:
 - (1) Request that the applicant appear for an interview;
 - (2) Grant a special license for practice at the medical college designated in the application;
 - (3) Grant a license under certain terms and conditions or with certain restrictions;
 - (4) Request that the applicant withdraw the licensure application; or
 - (5) Deny a license.
- f.* The board shall consider applications and recommendations from the committee and shall:
 - (1) Request that the applicant appear for an interview;
 - (2) Grant a special license for practice at the medical college designated in the application;
 - (3) Grant a license under certain terms and conditions or with certain restrictions;
 - (4) Request that the applicant withdraw the licensure application; or
 - (5) Deny a license. The board may deny a license for any grounds on which the board may discipline a license. The procedure for appealing a license denial is set forth in 653—9.15(147,148,150,150A).

10.4(5) *Special license application cycle.* If the applicant does not submit all materials within 90 days of the board office's last documented request for further information, the application shall be considered inactive. The board office shall notify the applicant of this change in status. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

10.4(6) *Renewal of a special license.*

a. If the special physician licensee has not qualified for and received a permanent license, the board shall send a courtesy renewal notice by regular mail to the licensee's last-known address at least 60 days prior to the expiration date of the special physician license. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive the notice does not relieve the licensee of responsibility for renewing that license.

b. A special physician licensee shall apply for a one-year renewal by submitting the following:

- (1) A completed renewal application;
- (2) The renewal fee of \$200; and
- (3) Evidence of continuing education and mandatory training on identifying and reporting abuse.

1. The requirement for continuing education is 20 hours of category 1 activity as specified in 653—Chapter 11.

2. The requirement for mandatory training on identifying and reporting abuse is specified in 653—Chapter 11.

The dean of the medical college shall submit a letter that addresses the individual's unique contribution to the practice of medicine in Iowa, how the anticipated contribution will serve the public interest of Iowans, and the need for renewal of this license. For a licensee who received the initial special license prior to July 1, 2001, the only statement needed from the dean is verification of the academic appointment the licensee continues to hold.

c. Failure of the licensee to renew a license within one month of the expiration date shall cause the license to become inactive. A licensee whose license is inactive is prohibited from practice until a new special license is granted according to subrules 10.4(3) and 10.4(4).

653—10.5(147,148,150,150A) Temporary licensure. The board may issue a temporary license authorizing a licensee to practice short term in Iowa to fulfill an urgent need or educational purposes. Temporary licensure is granted on a case-by-case basis.

10.5(1) *Temporary licensure to fulfill an urgent need.*

a. *General provisions.*

(1) The temporary license to practice is intended for physicians with short-term assignments in Iowa that fulfill an urgent need (e.g., replacement of a physician on medical leave) or clearly have no long-term implications for licensure. If the need changes or if the licensee wishes to continue in short-term assignments in other Iowa locations, the temporary licensee is expected to seek permanent licensure. Temporary licensure is not meant as a way to practice before a permanent license is granted.

(2) The board may issue a temporary license authorizing the licensee to practice in a specific location or locations in Iowa for a three-month period with the possibility of renewal for a second three-month period.

(3) A physician incidentally called into this state in consultation with a physician and surgeon licensed in this state, as defined in rule 10.1(147,148,150,150A), is not required to obtain a temporary license in Iowa.

(4) A physician may have no more than two assignments in Iowa requiring temporary licensure. The second assignment shall not occur within 12 months of the expiration of the first temporary license.

(5) A physician who seeks to practice in Iowa and does not qualify for a temporary license may be eligible for permanent licensure under 653—Chapter 9.

(6) The board may cancel a temporary license if the licensee has practiced outside the scope of this license or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 653—12.4(272C). When cancellation of such a license is proposed, the board shall promptly notify the licensee by sending a statement of charges and notice of hearing by certified mail to the last-known address of the licensee. This contested case proceeding shall be governed by the provisions of 653—Chapter 12.

(7) Temporary licenses and renewals shall be displayed in the primary location of practice.

(8) A temporary physician licensee shall notify the board of any change in address within one month of making an address change.

(9) A temporary physician licensee shall notify the board of any change in name within one month of making the name change. Notification requires a notarized copy of a marriage license or a notarized copy of court documents.

(10) A temporary physician licensee file shall be closed and labeled “deceased” when the board receives a copy of the physician’s death certificate.

b. Eligibility for a temporary license to fulfill an urgent need. To be eligible for a temporary license, an applicant shall meet all of the following requirements:

(1) Fulfill the application requirements specified in subrules 10.5(1)“c” and 10.5(1)“d”;

(2) Be at least 21 years of age;

(3) Hold an active, permanent license to practice in at least one United States jurisdiction. All licenses that the applicant has ever held in any jurisdiction in the United States or Canada shall be in good standing; and

(4) Have justification for temporary licensure from the head of the organization seeking the applicant’s services and clear delineation as to where those services will be delivered.

c. Requirements for a temporary license to fulfill an urgent need. To apply for temporary licensure, an applicant shall:

(1) Pay a nonrefundable temporary license application fee of \$200; and

(2) Complete and submit forms provided by the board, including required credentials, documents and a sworn statement by the applicant attesting to the truth of all information provided by the applicant.

d. Application. The application shall require the following information:

(1) Name, date and place of birth, home address, mailing address and principal business address;

(2) A photograph of the applicant suitable for positive identification;

(3) A statement listing every jurisdiction in which the applicant is or has been authorized to practice including license number and date of issuance;

(4) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;

(5) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;

(6) A statement of the applicant’s physical and mental health, including full disclosure and a written explanation of any dysfunction or impairment which may affect the ability of the applicant to engage in practice and provide patients with safe and healthful care;

(7) A statement disclosing and explaining the applicant’s involvement in civil litigation related to practice in any jurisdiction. A copy of the allegations is required. If the case is resolved, a copy of the final disposition, including any settlement agreement, is required;

(8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside;

(9) A statement from the applicant justifying the need for a temporary license, including where the applicant intends to practice and the type of practice involved; and

(10) A letter from the head of the organization seeking the applicant's services explaining the need for the applicant's services in Iowa for a limited period of time, the scope of practice, and the exact location and facilities where the services are needed.

e. Application review process for a temporary license to fulfill an urgent need. The following process shall be utilized to review each application for a temporary license to fulfill an urgent need:

(1) An application shall be considered open from the date the application form is received in the board office with the nonrefundable temporary license fee.

(2) After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

(3) If the final review indicates no questions or concerns regarding the applicant's qualifications for temporary licensure or the organization's need for a temporary licensee, staff may grant administratively a temporary license for a specific location or locations.

(4) If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the executive director, the director of licensure and administration, and the director of legal affairs shall determine if the questions or concerns indicate any uncertainty about the applicant's current qualifications for temporary licensure or the organization's need for a licensee with a temporary license.

1. If there is no current concern, staff shall grant administratively a temporary license.

2. If any concern exists, the application shall be referred to the committee.

(5) Staff shall refer to the committee for review matters which include, but are not limited to, falsification of information on the application, criminal record, malpractice, substance abuse, competency, physical or mental illness, educational disciplinary history, or questionable need on the part of the organization.

(6) If the committee is able to eliminate questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a temporary license for a specific location or locations.

(7) If the committee is not able to eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

1. Grant a temporary license for a specific location or locations;

2. Grant a temporary license under certain terms and conditions or with certain restrictions;

3. Deny a temporary license; or

4. Request that the applicant withdraw the temporary licensure application.

(8) The board shall consider applications and recommendations from the committee and shall:

1. Grant a temporary license for a specific location or locations;

2. Grant a temporary license under certain terms and conditions or with certain restrictions;

3. Request that the applicant withdraw the temporary licensure application. This request shall not imply that the applicant is ineligible for permanent licensure if that application process is pursued; or

4. Deny a temporary license. The board may deny a license for any grounds on which the board may discipline a license or for lack of need for a physician's services by the organization. The procedure for appealing a license denial is set forth in 653—9.15(147,148,150,150A).

f. Temporary license application cycle. If the applicant does not submit all materials within 90 days of the board office's last documented request for further information, the application shall be considered inactive. The board office shall notify the applicant of this change in status. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

g. Renewal of a temporary license to fulfill an urgent need.

(1) When the temporary license is granted, the board shall inform the licensee that the license may be renewed once, if the need for the temporary license continues, and if the board office receives the renewal materials at least 14 days prior to the expiration of the license. The board will not send a notice of renewal.

(2) To apply for renewal of a temporary license, the licensee shall submit the following:

1. A request for renewal;

2. The renewal fee of \$100; and

3. Written justification for the renewal from the head of the organization seeking the applicant's services clearly delineating the location where those services will be delivered.

(3) Failure of the temporary licensee to renew a license by the expiration date shall cause the license to become inactive. The individual shall not practice in Iowa until securing a permanent medical license or until becoming eligible for a second temporary license.

10.5(2) *Temporary licensure to fulfill educational purposes.*

a. General provisions.

(1) The temporary license for educational purposes is intended for a physician from a foreign country who is properly admitted under a visa of the State Department of the United States to practice for short-term educational purposes, e.g., academic exchange. Temporary licensure is granted on a case-by-case basis.

(2) The temporary license for educational purposes is not intended for physicians requiring more extensive education, e.g., an entire residency or fellowship program.

(3) The temporary license for educational purposes does not allow the licensee to practice independently. The licensee shall not diagnose or treat patients, including prescribing medication, without direct physician supervision. The licensee may observe and interact with patients. The licensee may assist with procedures when a supervising physician is present in the room.

(4) In granting a temporary license for educational purposes, the board shall require the temporary licensee to practice under the supervision of an Iowa-licensed physician at all times in the board-approved location or locations.

(5) The board may issue a temporary license authorizing the licensee to practice to fulfill educational purposes for a three-month period with the possibility of renewal for a second three-month period.

(6) A physician may have no more than two assignments in Iowa requiring temporary licensure. The second assignment shall not occur within 12 months of the expiration of the first temporary license.

(7) A physician from a foreign country who seeks to practice in Iowa and does not qualify for a temporary license may be eligible for permanent licensure under 653—Chapter 9 or a special license under 653—10.4(147,148,150,150A).

(8) The board may cancel a temporary license if the licensee has practiced outside the scope of this license or for any of the grounds for which licensure may be revoked or suspended as specified in Iowa Code sections 147.55, 148.6, and 272C.10 and 653—12.4(272C). When cancellation of such a license is proposed, the board shall promptly notify the licensee by sending a statement of charges and notice of hearing by certified mail to the last-known address of the licensee. This contested case proceeding shall be governed by the provisions of 653—Chapter 12.

(9) A temporary physician licensee shall notify the board of any change in address within three days of making an address change.

b. Eligibility for a temporary license for educational purposes. To be eligible for a temporary license, an applicant shall meet all of the following requirements:

- (1) Fulfill the application requirements specified in paragraphs 10.5(2)“c” and 10.5(2)“d”;
- (2) Be at least 21 years of age;
- (3) Present evidence of holding a medical degree from an educational institution located in a jurisdiction outside the United States or Canada and listed in the Directory of Medical Schools published by the World Health Organization;
- (4) Present a letter from the dean of the medical college in which the applicant will be training that identifies the educational purpose for which the applicant seeks a license, the immediate supervisor responsible for ensuring that the licensee is at all times supervised in the clinical area, and the institution and location where the applicant will work; and
- (5) Present a letter from the supervising physician stating the supervising physician’s understanding of responsibility for this particular applicant if the applicant is granted a temporary license for educational purposes.

c. Requirements for temporary licensure to fulfill educational purposes. To apply for temporary licensure, an applicant shall:

- (1) Pay a nonrefundable temporary license application fee of \$200; and
- (2) Complete and submit forms provided by the board, including required credentials, documents and a sworn statement by the applicant attesting to the truth of all information provided by the applicant.

d. Application. The application shall require the following information:

- (1) Name, date and place of birth, home address, mailing address and principal business address;
- (2) A photograph of the applicant suitable for positive identification;
- (3) A statement listing every jurisdiction in which the applicant is or has been authorized to practice including license number and date of issuance;
- (4) A chronology accounting for all time periods from the date the applicant entered medical school to the date of the application;
- (5) A statement disclosing and explaining any warnings issued, investigations conducted, or disciplinary actions taken, whether by voluntary agreement or formal action, by a medical regulatory authority, an educational institution, training or research program, or health facility in any jurisdiction;
- (6) A statement of the applicant’s physical and mental health, including full disclosure and a written explanation of any dysfunction or impairment which may affect the ability of the applicant to engage in practice and provide patients with safe and healthful care;
- (7) A statement disclosing and explaining the applicant’s involvement in civil litigation related to practice in any jurisdiction. A copy of the allegations is required. If the case is resolved, a copy of the final disposition, including any settlement agreement, is required;
- (8) A statement disclosing and explaining any charge of a misdemeanor or felony involving the applicant filed in any jurisdiction, whether or not any appeal or other proceeding is pending to have the conviction or plea set aside;
- (9) A statement from the applicant justifying the need for a temporary license, including the nature of the educational purpose, where the applicant intends to train and the type of practice involved;
- (10) A letter from the dean of the medical college in which the applicant will be training that identifies the educational purpose for which the applicant seeks a license, the supervising physician responsible for ensuring that the licensee is at all times supervised in the clinical area, and the institution and location where the applicant will train; and
- (11) A letter from the supervising physician stating the supervising physician’s understanding of responsibility for this particular applicant if the applicant is granted a temporary license for educational purposes.

e. Application review process for a temporary license to fulfill educational purposes. The following process shall be utilized to review each application for a temporary license to fulfill educational purposes:

(1) An application shall be considered open from the date the application form is received in the board office with the nonrefundable temporary license fee.

(2) After reviewing each application, staff shall notify the applicant or designee about how to resolve any problems identified by the reviewer.

(3) If the final review indicates no questions or concerns regarding the applicant's qualifications for temporary licensure and the applicant's need for a temporary licensee, staff may grant administratively a temporary license for a specific location or locations.

(4) If the final review indicates questions or concerns that cannot be remedied by continued communication with the applicant, the application shall be referred to the committee.

(5) Staff shall refer to the committee for review matters which include, but are not limited to, falsification of information on the application, criminal record, substance abuse, physical or mental illness, educational disciplinary history, questionable educational purpose or the supervising physician's disciplinary history.

(6) If the committee eliminates questions or concerns without dissension from staff or a committee member, the committee may direct staff to grant administratively a temporary license for a specific location or locations.

(7) If the committee cannot eliminate questions or concerns without dissension from staff or a committee member, the committee shall recommend that the board:

1. Grant a temporary license for a specific location or locations;
2. Deny a temporary license; or
3. Request that the applicant withdraw the temporary licensure application.

(8) The board shall consider applications and recommendations from the committee and shall:

1. Grant a temporary license for a specific location or locations;
2. Request that the applicant withdraw the temporary licensure application; or
3. Deny a temporary license. The board may deny a license for any grounds on which the board may discipline a license, for lack of a qualified supervisor, or for lack of a legitimate educational purpose. The procedure for appealing a license denial is set forth in 653—9.15(147,148,150,150A). Denial of a license or a request to withdraw the application shall not imply that the applicant is ineligible for permanent licensure if that application process is pursued.

f. Temporary license application cycle. If the applicant does not submit all materials within 90 days of the board office's last documented request for further information, the application shall be considered inactive. The board office shall notify the applicant of this change in status. An applicant must reapply and submit a new nonrefundable application fee and a new application, documents and credentials.

g. Renewal of a temporary license for educational purposes.

(1) When the temporary license is granted, the board shall inform the licensee that the license may be renewed once, if the need for the temporary license continues, and if the board office receives the renewal materials at least 14 days prior to the expiration of the license. The board will not send a notice of renewal.

- (2) To apply for renewal of a temporary license, the licensee shall submit the following:
1. A request for renewal from the licensee;
 2. The renewal fee of \$100;
 3. Written justification for the renewal from the dean of the medical college; and
 4. Acknowledgment from the supervising physician that the relationship between the licensee and the supervising physician will continue until the license expires or the licensee leaves the college, whichever occurs earlier.
- (3) The individual shall not practice in Iowa until securing a permanent medical license or until becoming eligible for another temporary license.

653—10.6(17A,147,148,272C) Waiver or variance requests. Waiver or variance requests shall be submitted in conformance with 653—Chapter 3.

These rules are intended to implement Iowa Code chapters 17A, 147, 148, 150, 150A, and 272C.
